

TouchTunes

Featuring the most sophisticated, music-driven lighting ever delivered on a jukebox, **THE ANGELINA DEFINES A NEW STANDARD FOR DESIGN, PERFORMANCE, SERVICEABILITY AND VALUE.**

TouchTunes leads the way with this best-in-class jukebox, incorporating operator, venue and user input to create an experience like no other that delivers for operators on both the top and bottom line.

PERFECT FOR TODAY'S ENTERTAINMENT-RICH VENUES

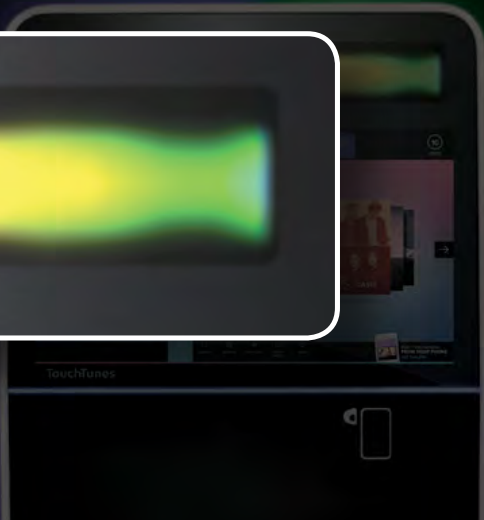

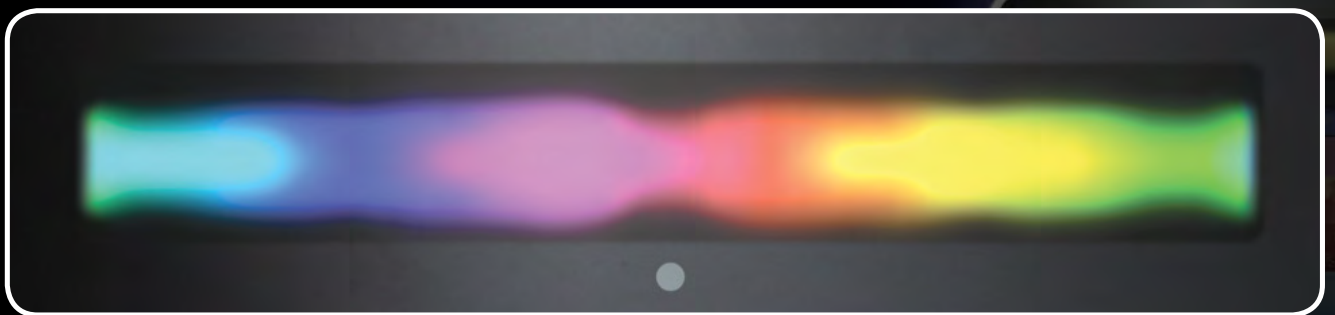

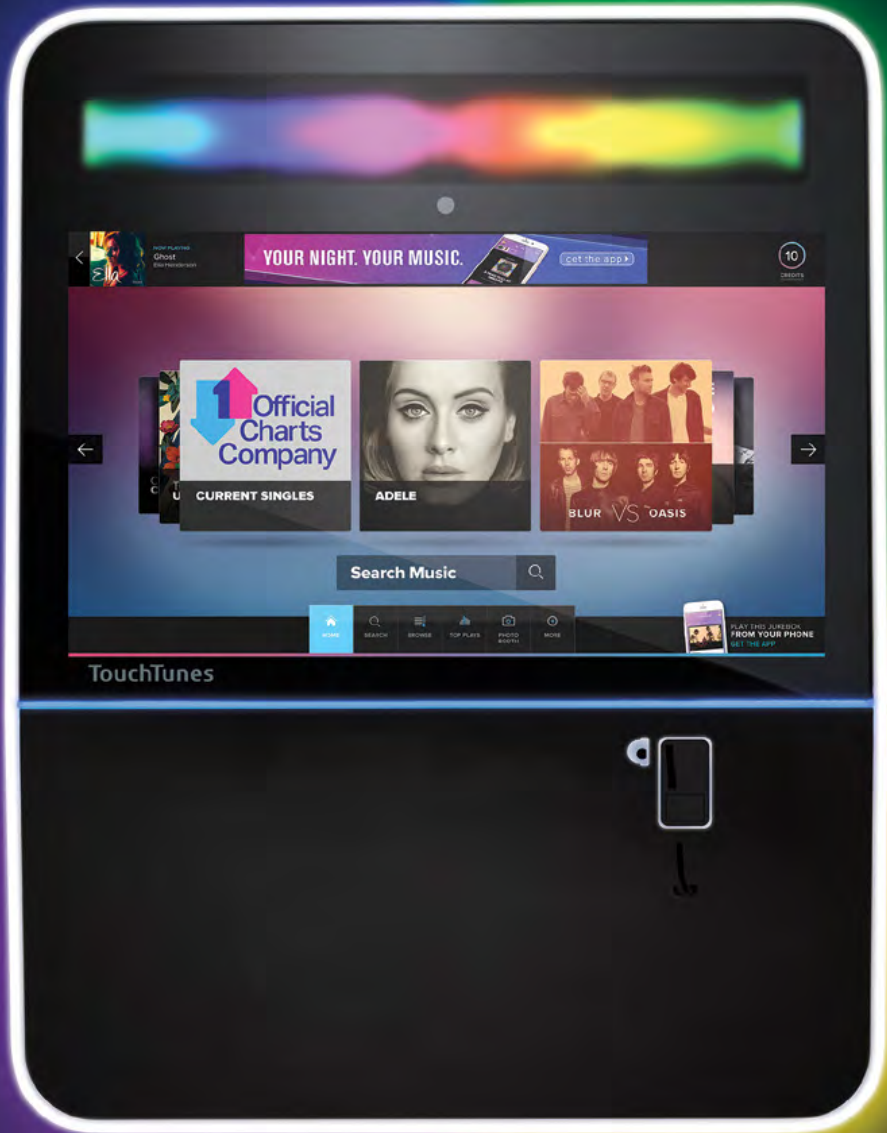

- With clean lines, a distinct white rim light and a “floating” appearance, Angelina is instantly recognizable.
- Projects a large presence while only requiring 24” of horizontal wall space.

Features the most sophisticated, music-driven lighting ever delivered on a jukebox!

ENGAGES & INSPIRES LIKE NO OTHER

- Innovative algorithms accurately visualize the music's rhythm and beat, creating an all-new energy and depth to the lightshow.
- Customizable, four-zone wall-wash lighting lets you pick from pre-set color combinations or create your own.
- Unique top visualizer flows with the music and gets noticed. Choose the visualizer pattern and colour that's right for each venue.

BREAKTHROUGH OPERATOR EFFICIENCY

- The industry's first no-wire, component-to-component design with snap-in part replacement changes the game for in-venue support, reducing both service times and inventory needs.
- Minimized wiring nearly eliminates a major source of jukebox failure.
- All new, installer-friendly bracket and lightweight reinforced aluminum chassis enables single-person installation while providing the strength and robustness venues need.

MORE VALUE FOR YOU

Angelina is built to sustain performance into the future and is powered to run more efficiently on today's busy networks.

- Provides unprecedented operator control including fully customizable music visualizers and both preset and individually customizable options for the four-zone wall-wash.
- Powerful and Upgradable. Angelina boasts a powerful, fanless architecture that runs cooler and allows for easy chipset upgrades in the future. Cooler components generally last longer.
- Best-in-class electrical, mechanical and durability testing by Intertek to ensure the highest level of reliability.

INTEGRATED PHOTOBOOTH DRAWS A CROWD

With the touch of a button, Angelina transforms into an interactive photo booth that inspires your customers to be spontaneous. TouchTunes PhotoBooth draws a crowd and adds a new dimension of social interaction that sets your venue apart.

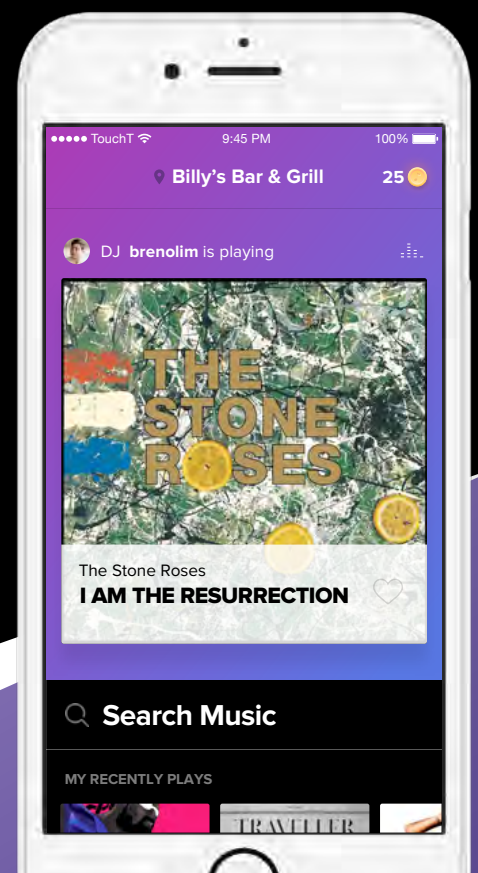

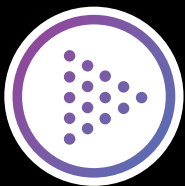

- Upgraded camera improves image quality and is easier to set up.
- Features seasonal and holiday-themed promotions that venues can incorporate into their promotional plans and activities.
- The music never stops. Jukebox music keeps playing while PhotoBooth is in use.

PLAY THE JUKEBOX WITHOUT LEAVING YOUR SEAT

The TouchTunes mobile app gives customers the chance to play the jukebox from their seats. With access to the entire TouchTunes music library the app also syncs to your Spotify account and remembers your most played songs making playing the jukebox even easier.

- Play the jukebox from anywhere in the venue, even on the way in.
- Easily pay for song plays using the app. No need for change.
- Earn bonus credits, other rewards and perks.
- See what song is playing on the jukebox and what's coming up next.

TouchTunes

TouchTunes brings innovative entertainment solutions to over 65,000 bars and restaurants across North America and Europe. Our jukebox network is designed to create unique experiences that attract consumers and encourage them to stay longer. TouchTunes makes its products and services available through an extensive network of qualified, local and national amusement machine operators.
